

## KEY BENEFITS

### ✓ INCREASE REVENUE

Deepen relationships with members through cross-selling and integration to your Core & LOS data. Each product can have its own workflow and process journey to create the exact experience the credit union wants for its members.

### ✓ REDUCE COSTS

A consistent user experience combined with customized workflow & automation to eliminate manual processes. When manual steps can be automated there is less errors and rework which leads to less burden on the employees.

### ✓ INCREASE SATISFACTION

Stay competitive by automating workflows for members & maximizing quicker decision capabilities. CU NextGen's technology allows the Credit Union to create the member experience their members demand.

# Finally, a Lending Portal Tailored to You

Some people say, "Have it your way" and we couldn't agree anymore. Our Consumer Lending Portal allows for you to truly customize your lending experience. Providing members with a preferred online lending experience and your credit union with a faster decision process.

- Custom Workflows & Processes
- Cross-Selling Opportunities
- Core Integration
- Core and Third Party Agnostic

## Consumer Lending Portal

CU NextGen has developed a functional consumer lending portal for credit unions. Our robust software, features real-time provider calls for identity verification and credit pulls. Additionally, the platform is developed on CU NextGen's proprietary rapid development no-code platform, it provides credit unions complete customization and fast deployment.
